## NOTES TO THE CONDUCTOR

This arrangement of the theme from the Warner Bros. picture, "SUPERMAN" should be an exciting addition to your Young Band repertoire.

The articulation in the Clarinets, Saxophones, Cornets and Horns at [10] should be carefully rehearsed to contrast with the articulation in the rest of the Brass section.

The triplet background figures at [18] should be played evenly against the melody.

The Timpani and Drums should maintain a steady rhythm throughout. Special attention should also be given to the crescendos in [66] and [67].

Dynamics should be carefully observed throughout, in order to give the most effective, dramatic performance of the arrangement.
